MESSAGE FROM THE CEO

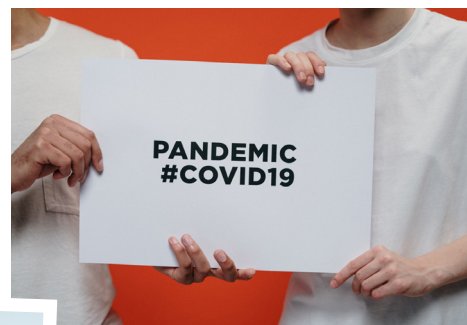

**CATHERINE HAWES**

As our lives have been jarred by the impact of the spread of the coronavirus and in the midst of all of the negative news, Walled Lake Schools Federal Credit Union is doing great things for our members right now.

Our Household Emergency Loan Program (H.E.L.P.) is assisting our members who need help so desperately right now. The H.E.L.P. program offers 90-day payment extensions to those experiencing hardships related to COVID-19 and our Assistance Loans are providing help to members with immediate financial needs. Please contact us or apply online for any of your COVID-19 related financial hardships.

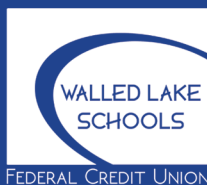

While we continue to support our members, our members themselves are also on the front lines doing great things. First responders and health care workers have worked tirelessly to aid impacted individuals. Educators have inspired us by transitioning their teaching to online or other methods and students are adapting to new learning environments.
